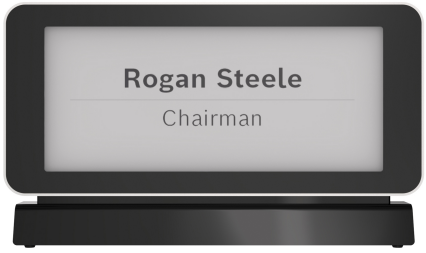
DCNM-ENCD Electronic name card double sided
DICENTIS



- Double-sided E-ink display to show participant name, organization logo, and agenda items
- Very low power consumption
- Crisp and clear E-ink display with 180-degree viewing angle

The DCNM-ENCD can display the participant name, the organization logo, and the agenda items. This double-sided electronic name card can replace paper name cards and other content displays.
It is easily managed and automatically updated by the DICENTIS system. The electronic name card can be connected to a seat to display the name of a participant. If free seating is available and the participant logs in at another seat, it updates automatically.
The electronic name card is easily integrated with the DICENTIS topology. It can be daisy-chained with the DICENTIS cable or star-wired via PoE.
